Greetings,

DAVE AND JOANNE'S HEALTH-

We thank all of those who have sent messages of encouragement toward our health, but especially your prayers. Joanne is doing bettter with increased pain relieving medication.

I had to stop the knee therapy due to very short breaths. The doctor inserted the pacemaker in my chest Jan. 27th. Brother Brian and his wife drove me to Phoenix and back the same day. I am feeling a little better but having to be careful about the wound and raising my arm above my chest. That shouldn't be so hard, but it happens automatically when being in a habit to shower, reach for clothes from the closet, turn on the light above the stove, etc. After catching this automatic reflex, I have had to literally tie down my elbow to prevent this occurrence from happening. I have another 5 weeks to go this way.

I still do not have the stamina yet to preach. Toward the end of January, I am to have a carotid artery scan and given the results of the monitored pacemaker results. (Remember that elbow over the shoulder, it could have moved the pacemaker's lead in the heart.) If e pacemaker doesn't fix the problem, the next is an angiogram.

I once again must thank the churches that support me for their patience with this situation. The Rim Country church figured up the 5th Sundays I preached from the last two years and paid it as "back pay" since those days were options for others to preach.

THE WORK AT RIM COUNTRY- Brothers Muller and Smyers have continued to carry the load of preaching and teaching the Bible classes.

Our outside visitor Rick Skoglund has not been with us due to his deteriorating health. I went to visit him but he is no closer to obeying the gospel than when he first came.

We have two families who have moved into our area and one marked the visitor's card as wishing to be a part of the church. They came from California. The man is in insurance and works out of his home.

The other couple moved from the Phoenix general area to the Roosevelt Lake area, still a good distance from us, about 40 miles. We hope to see more of these Christians.

AFRICA -

Zimbabwe- The closing of the Birchwood church's property money has run out to supply support and aid to these preachers. **Do you know of someone who can help them?**

Dumisani Mutemera, djtn1978@gmail.com has been receiving $100/mo. This is the only support he has received.

Paradzai Kusena, paradzaikusena93@gmail.com has lost $150/mo.

Richard Maribo, rmaribo01@gmail.com has lost $ 140/ mo.

Mhondiwa Magwere, seedzmhondiwa@gmail.com has lost the $80 needed for his diabetic wife whose life depends on $80 per month for insulin. Mhondiwa lives in the far rural area and only gets to answer his mail when he comes to the city about once a month.

Dumisani writes about the **weather** in Zimbabwe- "The rainfall pattern this season is giving us an uneasy condition. Rains begun falling late December but it was not much and up to this time there is not much of it. It is being forcasted that it is expected to end by March."

Mozambique-A sister in Arkansas has taken care of Arao Uchaio's roof expenses and transport expense to Massegri through Feburary.

The young preacher Moises Tivane is now married. We wish him and his wife and the church at Lionde he works with God's blessings.
