Greetings,

RIM COUNTRY CHURCH WORK-

The work here carries on with little change. Brian Muller continues to teach the minor prophets on Sunday morning taking some of the teaching load off of me so I don't have to preach and teach back to back. I am teaching Wednesday morning class. I've started the Wednesday study on the church's makeup and we will get to its work in the near future I hope. So far we have focused on what is the characterists of the local church and what her limitations are (autonomy). Robert Overland and Jere Jarrell, both with institutional backgrounds are still attending my class as they can. Robert, who travels all around during different seasons, said that after the last class he had never thought about having a responsibility to be a part of the local church. So somethings are getting through in the class.

I have adjusted the control of the class by using the digital projector to follow the points set out. It has worked very well so far and reduced most discussion from becoming argumentative. I have also added material to it that is not in the class study lessons I made.

Brian and Sarah Muller's neighbor has been coming as her health allows. Sarah said she was very attentive on the lesson about contacting the blood of Christ through baptism. We are hoping her health becomes better so she can hear more teaching. The sermons for July finished up the scheme of redemption series. Here are the titles: Patriotism: for God and for Country; the Importance of Blood in the scheme of redemption; Application of the Blood of Christ; Christ, the Fulfillment of God's Plan; The Appeal of the gospel.

HEALTH- Joanne went for a trial of the SCS Implantation where electrodes were inserted in her back and a battery pack taped on her to see if a proper implantation would help relieve her pain. It seems to have helped so she is now in the process of lining up things to get the implant.

Not much is different with me. My left leg is a little stronger from physical therapy.

AFRICA - The problem of food shortage is accumulating in Zimbabwe. I have recently received requests from Wilesi Raphael and Tonderai Muchembere for large amount of money for food. August is the last month of winter in Southern Africa and the need is pressing. If you can help, let me know and I can direct you to these two preachers.

More Requests:

Adding to last month's request, Dumisanin Mutemere is requesting money for a doctor specialist for his wife's poor blood circulation. No amount was specified but it is usually about \$150 to take care of an initial need like this.

There is the continued request for a computer by Arao to be able to translate Bible materials into the native tongue languages. He had one given by Ron Chaffen over 10 years ago but it is not working or fixable any more. He is asking for \$350.

Castigo Cossa, a brother who had a stroke and can't do manual labor but helps with the work at Javanyani is requesting a cell phone for communications. He is asking for \$150 to \$200.

Support sent to:

Zimbabwe-

Paradzai Kusena, \$180/mo.; Richard Maribo, \$160/mo.; Dumisani Mutemera, \$100/mo.; and Mhondiwa Magwere, \$150/mo.

Mozambique- Arao Uchaio, \$150/mo.

Finances:
